Princessa 1993

1-Ensalza tu amor

Eres libre mimada por tu dulce corazón,
sin cadenas, sin freno y sin ningún temor
Ensalza tu amor, tu canto al gorrión al cielo va
donde tu vida comienza a volar
Soñadora con mirada perdida sin pensar,
mecida al viento, feliz con tu propia libertad
Ensalza tu amor...

2-Rojo y llanto

Tú me preguntas que es la fé y te respondo "que sé yo"
Cuando era sólo una niña me trajisteis del fuego
La sangre que siento y corre en mis venas
no es del mismo color que las que llevas tú
La di la di la di lo, la di la di la di la di,
la di la di la di lo, rojo y llanto en mí
La manta que me arrolló el cuerpo que después calló,
apenas puedo recordar, pero sé que igual no soy
La sangre que siento y corre en mis venas
no es del mismo color que la que llevas tú
La di la di la di lo,...

3-Tú estás loco

Vaya andares nene todo puro fuego
en la calle del deseo eres preso al viento
Que marca en la acera sus huellas de fiera

que sabe a que lado está la frontera
Si yo te tocara sentiría el cielo, pues sólo con mirarte me pongo en celo
De tu nectar dulceamargo beberán mis labios, enloquecidos por tus encantos
Pero tú, tú estás loco, dime de que vas, tú y ya te vale, déjate llevar
Vaya aires nene ni que fuese el rey de reyes,
te ofrezco el cielo y vas y te mosqueas
Te estoy buscando y tú me esquivas
sin saber que yo tengo lo que tú más deseas
Comerte sería un gran placer, y maravillas te iba a hacer
Desecha en tus brazos conmigo sería, de Madrid al cielo sólo es un paso
Pero tú, tú estás loco...

4-Mar y sol

Recuerdo del mar y del sol, cierro todo fuera de mí
Quiero estar junto a tí otra vez
Abandonarme y recordar, cuerpos mojados en el mar,
tostados por el sol, sólo tú
Los secretos descubiertos y el mundo para los dos
Mar y sol, mar y sol, me traen recuerdos de tí,
esperanzas para volverte a ver
Mar y sol, mar y sol, me traen recuerdos de tí,
esperanzas para volverte a ver una vez más
Nuestro tiempo que pasó lo guardo siempre dentro de mí,
y sé que siempre te amaré
Y el tiempo pasará el verano volverá, mar y sol, otra vez sólo tú
Los secretos descubiertos y el mundo para los dos...

5-Si no te decides

Acostumbrada a lo facil, ahora esto cuesta un poco más,

estás perdiendo tu tiempo
Cuando te mira no sabes que hacer
Otra vez lo mismo viene el o tú no irás, si no te decides lo perderás
Piensa que le puedes conseguir, se acerca y comienzas a temblar
Mientras esperas siempre es igual, si no das nada tu amor se va
Otra vez lo mismo viene el o tú no irás...

6-Que te quiero

Cuando anochezca te esperaré, quiero volverte loco esta noche
Con la luna llena te esperaré, hoy morirás entre mis brazos, nunca soñaste algo igual
Seducción, atracción, vas a ser para mí, entre sueños y realidad te voy a conseguir
Voy a arriesgar y hoy vas a saber, la verdad es que te quiero
Vas a espavilar ya no aguanto más, sabes bien que te quiero
Inocencia, perversión, eso es lo que quieres tú
Gritaré, me vas a oír, soy para tí
Voy a arriesgar y hoy vas a saber...

7-Baila para mí

Vuelvo la cabeza te veo tras de mí, silvas intentando hacerme sonreír
Me dices oh nena baila para mí
Te pierdes en mis piernas me rozas sin tocar, tus ojos me desnudan me miras sin parar
Me dices oh nena baila para mí
0 1 2 3 4 baila para mí
Tú prendes la mecha acepto y porque no, con velas encendidas apenas puedo ver
Me dices oh nena baila para mí
Rasgó toda mi ropa me pongo a gritar, loca de remate, estoy sola ante tí
Me dices oh nena baila para mí
0 1 2 3 4 baila para mí
Y con el ritmo de la música en mi piel, mi cuerpo pide más y ya no puedo parar
0 1 2 3 4 baila para mí
...bailo encima de tí

8-Estuvo bien

Estuvo bien mientras duró, sé que te pudo el corazón y no fue facil
Es tan dificil elegir entre la espada y la pared en un instante
Estuvo bien mientras duró aunque ahora ya no somos dos y no es tan facil
Pero no olvides que el dolor se paga caro, alguien te espera cuando cruces la próxima calle
No olvides que hay otra razón que pudo más que el corazón
Muy dentro de tu piel y de mi piel
Estuvo bien mientras duró, sé que te pudo el corazón y no fue facil
Es tan dificil elegir entre la espada y la pared en un instante
Fuiste de hielo en el último adiós fue lo mejor de tí

Fuiste sincero y ya no espero que vuelvas, no sería igual nada igual
Conservo muy dentro de mí todo tu olor tu risa a veces tu desprecio
La extraña duda de un amor real me ciega y ahora ya ni tú ni nadie
Estuvo bien mientras duró, sé que te pudo el corazón y no fue facil
Es tan dificil elegir entre la espada y la pared en un instante
Estuvo bien mientras duró aunque ahora ya no somos dos y no es tan facil... y no fue facil...

9-Dos almas y un destino

Dime porque todo pasa, dime quién soy yo sin tenerte a tí
Me encontraste de nuevo en el tiempo sabiendo que me conocías
Crees que me recordabas, crees que en mi pasado estabas tú
Crees que ya existías y ahora estamos juntos otra vez
Me diste todo lo que eras, dos almas y un solo destino
Crees que me recordabas, crees que en mi pasado estabas tú...
Hey tú me recuerdas, crees que era yo, do you really think so, I'm sure

10-Pasión

Desnuda ante tu amor, rendida sin luchar, caigo a besar tus pies
Yegua bien domada de mucho trotar, volcán sin apagar
Te puedo sentir dentro cuando me das toda tu pasión
Mi inocencia me cubre, tu sabor me descubre, rompes mi velo con dolor
Vienes sin pensar, te vas sin avisar, la barrera no te detiene
Te puedo sentir dentro cuando me das toda tu pasión

11-Vende tu alma

Abre tus ojos como el búho, observa a tu alrededor
Dentro de tí está el centro y en el centro está tu poder
Eleva tu espíritu al cielo como el ave al astro de luz
Vuela hacia arriba y vende tu alma, véndela hazlo por tí
Conocerás lo grande que puedes ser, vende tu alma, serás el ave, serás tú
La unión del cielo con la tierra, desde arriba se ve mejor
La unión de carne con el espíritu todo lo verás mejor
Eleva tu espíritu al cielo como el ave al astro de luz...

12-Demasiado tarde

Cuando pienso en lo que fuimos juntos siento que voy a llorar
Cuando se me rompe el corazón, sé muy bien que te quise a tí
Cuando veo lo que hemos perdido desearía morir
Y ahora no vale mirar atrás todo acabó
Es demasiado tarde, no me digas lo siento por favor
Es demasiado tarde, te voy a echar de menos ya lo sé
Cuando miro a mi alrededor siento que falta algo
Cuando dejo de mentirme sé que ese algo eres tú
Cuando soy sincera conmigo, veo la verdad

Y no voy a destrozar mi vida, todo acabó
Es demasiado tarde...

13-Quiso volar

Había una vez hace mucho tiempo ya, una princessa sin coronar
Salió del palacio un día sin querer mirar hacia atrás,
buscando la luz en la oscuridad
Quiso volar, más allá donde duermen las nubes y el sol
Navegar a la deriva en el mar, contar estrellas
Ir donde brilla el sol, brilla el sol, más allá
Jugaba a soñar, flotando en el aire, al fin sintió que era libre
Tocó una estrella, una estrella muy especial que la llevó hasta su rey
Quiso volar...
Algún día volveré, pero antes quiero vivir, conocer soñar y después regresar

1-TRY TO SAY I'M SORRY

I was hurt, so were you
the things you said made me feel blue
so I showed you my self-protection
took your pride apart of you
now you're gone don't know where
but I can feel that I still care

should I apologize or forgive you
there is still a melody inside of me
I tried to say I'm sorry
oh I tried to play your game
and don't you know
I tried to say I'm sorry
and don't you know
that I'm the one to blame
You said yes, I said no
I nearly saw the tempest grow
but lately I am feeling so mellow
I wonder maybe you can feel
Show a sign let me in
come back from where ever you've been
time will heal our wounds in forgiveness
and beyon' our fight love's shining bright
I tried to say I'm sorry....

2-ANYONE (1996)

I know Anyone but you boy, oh baby I love you
I know Anyone but you, I love you
ba da da da...
We're walking along the beach
While the sun is going down
Lights getting out of reach
We're slowly leaving town
You made me believe in love
Made me see you without fear
And now I am in your arms
And I feel love is near
I know Anyone but you boy, oh baby I love you
I know Anyone but you, I love you
ba da da da...

You're deep in the heart of me
But still I'm calling you
Because of the memory
A love I never knew
Look in my eyes and find
The words I'd like to say
I really believe in you
Forever and a day

3-CALLING YOU (A MESSAGE FROM LOVE CITY)

You told me it's too far away,
to have our love for everyday
that's why I'm calling you
because you can come by aeroplane
taxicab or streamline train
tonight I'm calling you
can you hear me calling...
calling you a message from love city
calling you to help me through the night
calling you a message from love city
calling you my love is shining bright
so take the chance and stay with me
get your things and come to me
tonight I'm calling you
because you can come by rollerskate
motorbike from sixty-eight
tonight I'm calling you
can you hear me calling...
calling you a message from love city...

4-LIKE A NUN

Here comes the sun
I want some fun
And I don't wanna live my
life like a nun
Like anyone
I'm on the run
Oh I don't wanna live my
life like a nun
Night is falling
and the streets are calling me
empty hearts with dark desires
show their misery
Feels like drowning
ain't nobody save my soul

I am lost no one can help me
ni tu ni nadie nadie
Here comes the sun...
Hasty shadows
between past and what will be
they are spying to delete you
to set their spirits free
I'm taking chances
as the first known volunteer
I'll desert the road of madness
which was leading me here
Here comes the sun...
I spread my wings,
I'll learn to fly
today I feel I'll touch the sky
Don't wanna stop
don't come back down
and I'll be reaching heavens top
Here comes the sun...

5-SUMMER OF LOVE

Well Monday morning out of bed
I drag a comb across my head
Heard whispers from the avenues
Saying "C'mon gal, take a day off school"
The things you do when you are young
Candy came and turned me on
With a Beatles revolution song
Had a smoke and shared a joke
And said we'd drive down to the coast
The things you do when you are young
Well we cruised down town in a blue sedan
With the top rolled back as the sun beat down
And the pretty boys on the promenade
Shouted "C'mon girl, cos here we are"
Angel
It's the summer of love
And I feel on fire
In the heavens above yeah
my spirit is flying
It's the summer of love
And young hearts will always run free
The things you do when you are young
So we walk the beach for an hour or two
Just looking cool nothing else to do
Warm winds brushed against our face

Like an angel's kiss it's left no trace
The things you do when you are young
As the storm cloud breaks across the bay
The surf-board kings have had their day
And Candy said "I've got a great idea
Let's get the car and drive out of here
Angel
Chorus:
The things you do when you are young
Well we cruised down town in a blue sedan
With the top rolled back as the sun beat down
And the pretty boys on the promenade
Shouted "C'mon girls cos here we are"
Angel
Chorus:
It's the summer of love
And my whole world's turning
In the heavens above yeah
my spirit is burning
It's the summer of love
And young hearts will always run free
Chorus:

6-SEVEN DAYS A WEEK

I know when you are sleeping
I know you will never find another girl
You know you know it's real then
It's so true you will never ever fight again
I know it's real
I know the time I can feel
I know the secret of love
and you'll never never fight again
so long so long and lonely
so good you will never never fight again
seven days a week
I love you
seven days a week
so true so long and lonely
so new you will never find another girl
(like I love you)
who loves you (like no other)
so true you will never never fight again
I know the time
don't know it's me or it's mine
I know the secret of love
and you'll never never fight again

so long so long and lonely
it's so true you will never never fight again seven days a week...

7-BAILA AL RITMO

Baila al ritmo de mis caderas esta música
Baila al ritmo de mis caderas esta música
Uuuuuuh Bailando Bailando
Baila al ritmo de mis caderas esta música
En mis manos tengo el poder
de poner el mundo al revés
y poder pintar con un pincel
tu sonrisa al atardecer
con mis melodías sorprender
tu cuerpo dormido hacerle arder
sin dejar que pare de sonar
esta música para bailar
Uuuuuuh bailando Bailando
Baila al ritmo de mis caderas esta música
Siente en mi ritmo vamos sientelo
Siente en mi ritmo sientelo sientelo
Uuuuuuh bailando Bailando
Baila al ritmo de mis caderas esta música

8-I DO WHAT YOU WANT ME TO DO

Do do do do do...
I'm breathing every breath you take
I'm feeling every move you make
give everything to make us whole
My hands are tied my body's bruised
now there is nothing left to lose
to fire the fever in my soul
Do do do do do...
I do what you want me to do
what do I need to make you see
what should I be to make you be
what can I do to ease the pain
Obsession reigns, obsession rules
you'll be the king I'll be the fool
So I may never love again
Do do do do do...
I do what you want me to do

9-THE NIGHT

so many things we have
why don't you stay with me tonight
I try to discover you

together again for all the night
there's something going on right now
feeling happy feel the moon
Let's get closer babe
closer we dance and dance
All my friends are talking to me
was this love I feel
I know you can't make it right
I'm still waiting now
Waiting for the love I need
If you want me too
There's something I don't understand
I don't know

10-HE'S ON THE PHONE

He's on the phone and she wants to go home
she's in hand to make a sound it's time to go
uuuh, someday, someday
He's on the phone doesn't want to go home
the hotel life forget your wife you're on your own
Arkansenia girl her life's a gas he loves the trash
inside this world
can't find his way there, stuck the cash
feeling flash in Leicester Square
yes she never meant to call, she did anyway
and now she's trying to find the words to say
someday, someday
it's five to twelve, and she's nervous as hell
you've nothing to lose
it's hard to choose, it's hard to tell
skin is to drop and war
her lipstick kiss reminiss and wait till dawn
yes she never meant to call...

11-DO YOU WANNA BE LOVED

I thought I knew what's best for me
I took a whole of my destiny
run away to find you
but what I didn't realize
is what you meant to me inside
now I know you're gone
na na na...
do you wanna be loved
love will come and time will go
and there is something you should know
I can't live without you

always thought I knew it all
mine is not but you to call
anytime I'm yours
na na na...
do you wanna be loved
you lost a part of me
but now you see I don't wanna be free
why does it hurt so much
to be beloved
do you wanna be loved...
you lost a part of me...

12-AGAIN AND AGAIN

On my wall is your photography
I do like you so much but you don't see
when I meet you I can't speak a word
I feel so shy my heart shakes like a bird
only my diary knows my secret dream
how to make me your one and only queen
everywhere I feel a magic touch
this affair inspires me so much
Again and again, how will I know
Again and again, let love show
Again and again, how will I know
now and forever babe again and again
I can't deny I have a fantasy
which brings me closer to an ecstasy
and if I showed you how I kiss good night
in loving arms embracing you so tight
Again and Again...

13-RÓMPETE

Muévete sobre las luces
hazlo mientras me seduces
como un animal
Desnuda tu alma por mi
oigo a tu dulce gemido
fiero, te siento fiel
Rompete y salta en mil pedazos
Rompete y muere entre mis brazos
Tu si sabes como hacer
para caer presa en tu red
Loca, vente por aquí
Me gusta tanto tu besar
como me rozas y al final
quiero darte más

Quiero darte más...
Rompete y salta en mil pedazos
Rompete y muere entre mis brazos

14-VIVO

VIVO sigo en mi destino yo soy así
VIVO sin tener que huir soy así
VIVO sigo en mi destino yo soy así
VIVO sin tener que huir soy así
Ba da da...
Sé lo que piensan de mi vida sin control
llegando a las mil con chico o sin él
hablan con los demas y no tienen que contar
Pero sé que no soy una chica muy normal
VIVO sigo en mi destino yo soy así
VIVO sin tener que huir soy así
VIVO sigo en mi destino yo soy así
VIVO sin tener que huir
Ba da da da...
Critican sin parar mi manera de vivir
Hay días que es mejor no pararse a contestar
Controlan sin saber que hago y para qué
Todos me miran mal pero a mí ya me da igual
VIVO sigo en mi destino yo soy así
VIVO sin tener que huir soy así
VIVO sigo en mi destino yo soy así
VIVO sin tener que huir soy así
Ba da da da

15-ME DUELEN TUS MENTIRAS

Tu te vas sin mirar
lo que pasó ya te da igual
y me quedo impresionada
de tu cruda frialdad
Ni un por qué, ni un adiós
tan sólo excusas sin valor
y ahora vienes con tus historias
aunque es duro de aceptar, soy una más
Me duelen tus mentiras
oh, me duelen a rabiar...no lo ves
me duelen tus mentiras
oh, me duelen a rabiar...
No sé bien que pensar
han sido meses sin hablar
dime todo lo que haya pasado
quiero saber la verdad

Donde vas no lo sé
todo esto es nuevo para mí
y es difícil entenderlo
cuando veo que no estás, no puedo más
Me duelen tus mentiras...

16-DESNUDARÉ

Desnudaré mi alma por ti
la magia de vivir pegada en ti
Desnudaré todo mi ser
y sentirás que vuelves a nacer
Quiero ser invisible para ver
que es lo que haces cuando yo
no estoy cerca de ti
Y observate cada paso que tu das
Sin que mi presencia rompa esta realidad
Desnudaré mi alma por ti
la magia de vivir pegada en ti
Desnudaré todo mi ser
y sentirás que vuelves a nacer
Cada día de tus labios bebere
Agua fresca que me de tu sabor de miel
noche a noche de puntillas con mis pies
Cruzaré tu habitación para hacer el amor
Desnudaré mi alma por ti
la magia de vivir pegada en ti
Desnudaré todo mi ser
y sentirás que vuelves a nacer
Recorreré toda tu piel
con mis caricias dormirás
recordarás esta noche
que no querrás nunca olvidar
Desnudaré mi alma por ti
la magia de vivir pegada en ti
Desnudaré todo mi ser
y sentirás que vuelves a nacer

17-DUERME JUNTO A MI

Duermo junto a mi
Duermo junto a mi
Duermo junto a mi
Duermo junto a mi
Buscando entre mis ropas
te vi sonriendome desde un papel
tus ojos me traian de ti
recuerdos de besos en la piel

Oh ya sé que yo elegi partir
tenia que decidir
o seguir asi o romper
Soñando con tu imagen
deje mi cuerpo vencido al placer
Duerme junto a mi
te quiero
Duerme junto a mi
te quiero siempre junto a mi
Mi cama está desierta y hoy
poco a poco pierdo la razón
la brisa de tu aroma
está flotando dentro del corazón
Oh ya sé fue duro para los dos
pero no pude mentir
porque habia otro en tu lugar
El roce de tus manos
me trae el calor de lo que pudo ser
Duerme junto a mi,
te quiero,
Duerme junto a mi,
te quiero siempre junto a mi

18-CALOR DE AMOR

Hay un lugar donde te guardo amor
siempre pegado junto al corazón
mientras de duermes pruebo tu sabor
y de tu cuerpo yo soy el ladrón
De tus suspiros aire quiero ser
entrar despacio muy dentro de tí
darte mis manos y sentiraré
viendo tus labios pronunciar un sí
Calor de amor me das de tí
calor de amor siempre tu
Calor de amor me das de tí
Eternamente en tu calor de amor
Es el viento quien te trae aquí
corta los hilos y te hace volar
Te cuenta historias que hablan de mí
y con secretos te hace regresar
Calor de amor...

I won't forget you 1999

1-I WON'T FORGET YOU

The fading light of day lingers on your sleeping face
My lover's lullaby lately lost its tender grace
Somewhere in your dreams tonight
Let my lips come close to you and hold me tight

After all I hardly bear
To turn my back to loving arms and leave you there
Baby...
(Chorus)
I won't forget you
And I won't regret you
I won't forgive you
Anymore, no more
We said our first hello beneath a blue umbrella sky
A simple moment shared by strangers who were passing by
People say when you're in love
It seems as if tomorrow almost never comes
After all your loving touch
Through my eyes of love to me it means so much
And that's why...
(Chorus)
I won't forget you
And I won't regret you
And I won't forgive you
Anymore, no more
I won't forget you
And I never let you
Anymore, no more
(Chorus)

2-GRAND DESIGN

Passion is waiting in the valley steps
You want to touch it but you cannot get
Within the reach of it though your head does not concede to it
Circled by sorrows in a deeper dream
You seek the hollows of the brightest dream

You take a part of it for yourself
Circled to start with it
(Chorus)
And now it's hard to define the little things that made you mine
And I cannot refuse your grand design
You push the boundaries of a different life
Disturbing images connect inside
You follow everything searching for what you know life brings
Your empty promises have turned you round
And now you tumble down without a sound
You are eternal in your head you are ethereal
(Chorus)

3-I WANNA LIVE WITH YOU

Verse 1:
I wanna live with you
summer and spring, autumn and winter
I wanna give to you the love that you need
I wanna talk with you about everything you want to
I wanna be with you
Bridge 1:
But I don't want to see you leave
see you standing there
with your baggage in your hand
like you just don't care
(Chorus:)
I wanna live with you (ahh) 2 x
Verse 2:
I wanna stay with you
when everybody's leaving
I wanna play with you the games that you love
I wanna sing with you songs that you don't know
I wanna live with you
Bridge 1
(Chorus)
Bridge 2:
Don't you know that I'm leaving inside
Don't you see what I feel
I don't hide what you meant to me
So why don't you open your eyes
and share this love with me
Bridge 1
(Chorus)

4-(YOU JUST) BELIEVE IN YOU

And so you've found the perfect man
He's gonna give you all he can
And I can see that you were not prepared
So don't go rushing into this
Please take the time to remeniss
Re-estimate the memories you've shared
Bridge
But underneath it all he seems
Another product of your dreams
Another heartbreaker to pull you down
(Chorus)
You just believe in you
And after time you'll see
You underestimate your capability
You could be so much more
You could be breaking loose
Just take the time to think
about the path you choose
And how could you not realize
That he would be as cold as ice
Turn his back and leave you there on your own
it's obvious you're in his bed as far as I can tell
It must be like you're coming back for more
(Chorus)
Repeat Chorus

5-I WAS WRONG

Everytime when I see you again
I look into your eyes
But when I softly speak your name
You're as cold as ice
No I didn't get to tell you how I feel
These simple words that you must hear
That you must hear
(Chorus)
I was wrong
To tell you goodbye
I was wrong
You're still on my mind
And I really need you back again
Just like a flower needs the rain
Whenever I'll be without you
When another day ends
so what I'm gonna do

My life is in your hands
No you didn't get to tell me how you feel
These simple words I long to hear
I long to hear
(Chorus)
I was wrong
I was wrong
And I need you yes I need you
More than words can ever say
(Chorus)

6-IT JUST BEGUN

Down came the night
with neon lights
When something caught my eye
It made me sin and it made me grin
And still I wonder why
Now all it took
it was just one look
To fall in love with you
And sometimes I remember, oh so well
How visions can come true
(Chorus)
And I wanted all the world to know it
That this love affair was so much fun
And with all our passion we did show that
It just begun
Up came the dawn
the morning sun
We laid on satin sheets
You made me fly and you made me sign
You kissed my mellow peach
The thirst was gone vibrations lingered on
Content we fell asleep
I still depend and I must realize
This dearest I will keep
(Chorus)
And I wanted all the world to share it
That this lucky girl would be the one
Taking all the chances was so easy
It just begun
Chorus

7-THE WAY THE STORY GOES

So you think it's over...
Let me tell a story...

The pain will never go away...
 Never...
 I see a shadow every day and night
 I walk "The hundered street's" of neonlights
 Only when I'm crying!...
 Can you hear me cryin'
 So many times you always wanted more
 Chasing illusions that you're longing for
 Wish I wasn't cryin'...
 (Chorus)
 I've been told thousands of times
 That's the way the story goes
 Hey, now, he-y-e-y now
 That's the way the story goes
 Dream of gold, thousands of times
 That's the way the story goes
 Hey, nown he-y-e-y now
 That's the way, that's the way the story goes
 story goes...
 Was there a moment when I felt no pain?
 I want to feel it in my life again
 Let it be over now...
 P-o-over now...
 'Cause I remember all the days and nights
 We used to walk the streets of neonlights
 Oh, I want you here with me
 (Chorus)
 So many times, you always wanted more
 Chasing illusions that you're longin' for
 Wish I wasn't cryin'...
 Can you hear me cryin'...
 (Chorus)

8-SHUT UP AND KISS ME

We can talk about it, talk about it
 We can do it all night long, yeah
 We can talk about it until we'll blue
 We can mess communicate give and take fight about
 right or wrong, yeah
 When the morning comes we still have no clue
 we can try to make sense of it
 Make all the pieces fit but maybe just we're talking in vain
 Chorus I:
 Shut up and kiss me or just shut up
 Shut up and kiss me or just shut up
 or just shut up

Pacify me baby try me satisfy a primal urge
 'Cos you know we feel much better when we do
 talk is cheap but love is sweet sopen without words
 We need more than words to see this true
 My heart is a battleship, ever so passionate
 take it before it's too late
 Chorus II:
 Shut up and kiss me or just shut up
 Shut up and kiss me or just shut up
 or just shut up
 or just shut up
 We can talk about it, talk about it, we can do it all night long
 We can talk about it until we'll blue
 We can mess communicate give and take right about
 Right or wrong, we need more than words to see this true
 Chorus II

9-SO MANY PEOPLE

So many people
 Try to be like someone else and
 Cover their heroes - their whole life long
 So many people don't know what they wanna be instead of
 Listen to what they feel inside
 I just try to be myself
 I know that it's the hard way
 But in the end it's easier
 And I want your respect
 I need your respect
 (Chorus)
 So many people - so many sorrows
 So many faces - crying in the night
 So many people - believe in tomorrow
 So many races - crying in the night
 I don't wanna be like someone else
 I just wanna be whatever I want
 I just wanna get whatever I need
 I don't want no preconceived notion
 I don't wanna stop - I wanna be in motion
 no excuses for what I am
 I just try to be myself
 I know that it's the hard way
 but in the end it's easier
 and I want your respect
 I need your respect
 I can not longer hide the pain
 Why do all the people wanna be the same

I'm not accountable to anyone
As long as you can soothe your conscience
cause you are the one
(Chorus)

10-TELL HER

If you don't know which way to turn
Don't cry for me when both ends burn
Stop worrying about her he'll be okay
She'll die a little bit like lovers do every day
And for me I'm too young to wait
Make up your mind before it is too late
Your life has changed you have to rearrange
So what do you want I can do anything
Won't you tell her that you've changed your mind
Tell her that it's over
Tell her please she's out of time
Tell her why
That day we met I think you knew
That I was waiting for a boy like you
That love give is why I live
Now tell me boy what can I do for you
Experience is what you need
I'll turn your innocence into greed
You'll walk on air
When I touch you there
So what do you want I can do anything
Won't you tell her that you love me
Tell her that you've changed your mind
Tell her that it's over
Tell her please she's out of time
Won't you tell her that you love me
Tell her that it's over
Tell her please she's out of time
Don't give her hope she can cope
She'll sit by the window suffer from cold
She was born to loose you will always choose
Try me baby I can do anything
Won't you tell her that you love me
Tell her that you've changed your mind
Tell her that it's over
Tell her please she's out of time

11-A BETTER MAN

Open your eyes
Say what you say and I'll listen

For a while
Where is your smile
The one that reminds me to whisper
Like a child
How can we stay strong now hope is gone
(Chorus)
Give you a reason
You can believe in
Help you to be the best you can
Give you a feeling
The love that I'm needing
to make a better man
Will it be there the taste that reminds me
I missed you
All this time
You know I still care
I'm walking around in a circle like I'm blind
Oh it's been so long, but I'm holding on
(Chorus)

12-ONCE IN A LIFETIME

Let me dive in
to pools of sin
Wet black leather on my skin
Show me the floor
Lay down the law
I need to taste you more
(Chorus)
Then I feel your sea
Raining down on me
Can this be my once in a lifetime
Hell's at heaven's door
As I need you more
You know you're my once in a lifetime
When you take me
You make me cry
Then I feel you satisfy
Show me the cage
It's all the rage
And lock it up
Found a part of me
That's a mystery
That will be just once in a lifetime
When the moon is high
Passion never dies
Will you want me for all a lifetime

Once in a lifetime
Once in a lifetime
Once in a lifetime
Giving you my soul
Letting you control
Took away a part of my lifetime
Memories of you
Left me black and blue
Now I know you're once in a lifetime
(Chorus)

Found a part of me
That's a mystery
That will be just once in a lifetime
When the moon is high
Passion never dies
Will you want me for all a lifetime

13-SNOWFLAKES

No longer I can conceal I have been faking
That somewhere in my heart I feel a love so true
And everytime I see your smile
I find my love for you worthwhile
And if you take me for romance I'll fall in love again
We are snowflakes in the wind
We are feathers in the storm
We are snowflakes in the wind
And we're like feathers in the storm
I don't know how far we go until it's over
And then I don't know how lovers know how much it hurts
Needles don't catch my fall I'm softly drowning
I'm longing for the chance to do what lovers do
You make it feel so naturally
Your bringing out the best in me
Now at the end of every day I know I'm not alone
(Chorus)
